No account or credit card is required to get started. Our service is completely free for everyone. File is free to use with no gotchas and no hidden fees. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Just upload the file you want to share with your friends and we send you a download link to your file. You don't need any special software installed to be able to download your files. There are no restrictions on the number of times a file can be downloaded. It is also allowed to link to the download page from websites and communities. So try our free and simple filehosting service now. filehosting provides an easy possibility for you to send large files to your friends. Your wallet will be none-the-lighter!
